

## The SURVival NETwork

History: The SURVival NETwork, hereafter referred to as SURVNET, was born in the minds of Joey Kelly (Tulsa Oklahoma) and Will Wright (Moberly Missouri) during the early part of 1991. Since that time, Joey Kelly and Will Wright have had to shut down their BBS's but will always be remembered as founders of SURVNET.

Purpose: The SURVival NETwork's primary purpose is to dispell the myth that the media has given to Survivalists. Survivalists are generally people like you that are concerned about the current events in this world and the safety and well being of their families.

For this reason is why SURVNET was created. To help others in their pursuit of knowledge regarding Survival. Survnet makes available to all node members a variety of informational files and programs with survival topics. Also available are articles, reprinted with permission, taken from American Survival Guide.

The SURVival NETwork is not affiliated with American Survival Guide or its publishers. SURVNET is a completely independent hobbiest organization with no commercial affiliations.

To be a member of SURVNET, you do not have to subscribe to any political or paramilitary organizations. Just have will to survive and fight for your freedoms and the Constitution of the United States of America.

We hope you'll join us.
